### THE DUCK INN

The name, The Duck Inn, originated during prohibition when the patrons were to secretly "duck in" for a drink where the bartender would tell guests to be quiet and "speak easy". Once a liquor license was issued it came with the provision that food be served and the supper club was born. Fast forward to the 1990's and the Karbush Family created an inviting atmosphere with casual fine dining in an elegant country setting. This is done with a historical duck theme, festive holiday decorations, friendly staff, and fine food & cocktails. Enjoy the lovely fireplace, have an old fashioned at the bar and be sure to finish your meal with a scrumptious dessert prepared by their pastry chef. The Duck Inn is handicap accessible and fully ADA approved.

### THE VILLAGE SUPPER CLUB

Owned and operated by the same family since 1966, The Village is a classic supper club located right on Delavan Lake. There's nothing quite like enjoying a delectable meal with friends while soaking in the beautiful view. Daily specials, fresh catch of the day, Italian specialties, pasta, steak, and more temp your palate while the bartender mixes up refreshing cocktails of yesteryear. And of course, don't miss their signature relish bar for the true supper club experience. Private rooms available as well as general seating.
