

LAKE GENEVA AREA

Wine Tours

• UNWINED •

Your group will engage their senses with wine tasting, boutique shopping, art classes, dining, and winery tours.

AEPPELTREOW WINERY

Pronounced “apple true,” this winery specializes in Wisconsin grown and produced Artisan (hard) cider, wine, brandy and specialty spirits. Bring your group for a truly different experience, and for ‘uncommon cider from some uncommon apples.’

THE APPLE BARN

The Apple Barn Orchard and Winery specializes in a variety of fruit wines and features an open orchard and farm where your group can pick their own fruit! Tasty treats, home decor and lovely gifts can be found in their quaint country store so allow time for shopping.

STALLER ESTATE WINERY

Relax in the new wine production facility, tasting room and fully enclosed gazebo at Staller Estate Winery. Staller produces only grape wines from winter hardy varieties, which are unique to the region. Tour the facility, learn how the wine is made, and then have a taste test. Farm to table wine dinners and pairing classes are also available.

NORTHLEAF WINERY

Your group will engage all of their senses with complimentary wine tasting in Northleaf Winery’s restored 1850s tasting room. Enjoy music, divine chocolate or cheese pairings, and browse their gift boutique. All wines are made on-site in their Travel Green Certified business.

STUDIO WINERY

Located in downtown Lake Geneva, Studio Winery is an urban winery that is one part art gallery, one part recording studio, and 100% delicious! They put their heart and souls into creating the best wines, which are musically named. Your group can also participate in a Corks & Canvas art class.

SONOMA CELLARS

At Sonoma Cellars you will find an excellent selection of wines from around the world but what really stands out is their overwhelming knowledge and selection of craft beers. Arrange a tasting for your group, perhaps meet the brewer or have a class on all the types of beers from ale to stout. A great spot to shop for those hard to find beverages.

BOTTLE SHOP

The Bottle Shop carries a selection of wines from around the world, over 50 craft beers, including the Wisconsin favorite, New Glarus and an assortment of craft sodas. The cheese cooler offers artisan cheeses, salmon and trout spreads, so enjoy your wine with cheese and a locally baked fresh baguette. Other fun foods and chocolates are available too. The wine bar and garden offer a comfortable setting in which to enjoy a selection of wines, relax, play backgammon, access the internet with free wi-fi, or just gather with friends, old and new. Ask about tasting and pairings for your group.
